

From: Amphenol PCD Shenzhen Co., Ltd
To: To whom it may concern
Subject: Declaration of RoHS Compliance

This document shall serve as formal declaration that the connectors and terminal blocks manufactured by Amphenol PCD Shenzhen Co., Ltd (APCD) are in compliance with the European Union RoHS Directive 2011/65/EU with respect to the following substances:

A maximum concentration of 0.1% by weight (1000ppm) in homogeneous materials for each of the following:

- Hexavalent Chromium (CrVI)
- Lead (Pb)
- Mercury (Hg)
- Polybrominated biphenyls (PBB)
- Polybrominated diphenyl ethers (PBDE)

A maximum concentration of 0.01% by weight (100ppm) in homogeneous materials for the following:

- Cadmium (Cd)

The exemption (6C) applied <<Leads alloying element in copper alloy containing up to 4% by weight>>

No changes in materials or processes used in manufacturing the connector/terminal block have been made to achieve compliance.

Compliance is evidenced by written declaration or technical data from our suppliers, assuring that any potential trace contamination levels of the substances listed above are below the maximum level set by 2011/65/EU, or are exempt due to their application. The connectors and terminal blocks manufactured by APCD meet the requirements of 2011/65/EU; however, some assemblies are customized to client specifications. Addition of specialized, customer-specified materials or processes which do not meet the requirements of 2011/65/EU may negate RoHS compliance of the assembly. To guarantee compliance of the assembly, the need for compliant product must be communicated to APCD in written form. This declaration is issued based on our current level of knowledge, and covers products with date code 08xx and later. Since conditions of use are outside our control, APCD makes no warranties, express or implied, and assumes no liability in connection with the use of this information.

Please feel free to contact me for further information.
