SUBJECT: TUBULAR FILTER CONNECTERS OBSOLESCENCE

Dear Sir/Madam

We would like to inform you that Amphenol Limited will no longer accept any orders for our PF &WF range of Tubular Filter Connectors from 30th June 2020. Please note that connectors using planar technology or chip capacitors are unaffected.

Tubular Filter technology has been superseded by other technologies, primarily planar arrays, which has led to issues with component supply making the series commercially non-viable and significantly increasing lead-times.

We have identified affected items and a list is attached to this notification. If there are any Tubular Filter Connector part numbers that you believe are not listed, or you would like to find more information please contact your customer service contact or alternatively send an email to info@amphenol.co.uk with the title “**Tubular Filter Obsolescence**”.

To mitigate any issues this may cause you we are offering a last time buy option. Also we can potentially offer equivalent items using planar technology on an ongoing basis.

If you would like to take advantage of either of these options please contact your customer service contact or alternatively send an email to info@amphenol.co.uk with the title “**Tubular Filter Last Time Buy**”.

We apologise for any inconvenience this may cause.

Yours,

Chris Morgan
Product Manager
