

POWER DISTRIBUTION SOLUTIONS

Amphenol Pcd

M12883 & Quick-Mount Relay Sockets

- Qualified to MIL- PRF-12883
- Amp range between 2 and 25
- Ultrasonically bonded interfaces between the dielectric components
 - Eliminates air paths
 - Provides protection against moisture and degradation
- Snap into standard aircraft panel cutouts
 - Eliminates mounting hardware

Ground Modules (1758, 1174 Circular)

- Signal and low current distribution
- Wiring optimization:
 - Individual mounting brackets
 - Metallic tracks (1758 Series)
 - Directly screwed on the structure (1174 Series)
- Male contacts size 22 to size 12 (1758 Series)
- Male or female size 20 contacts (1174 Series)
- With or without components
