

CABLE & PIPE SUPPORTS

Amphenol Pcd

Secure, guide and manage cable harnesses and pipes through aircraft.

System Attachments

- Engineered with strength, stability and weight reduction in mind
- Designed for lean manufacturing
- Rugged – able to withstand high vibration and shock
- Non-conductive/non-corrosive – able to withstand many harsh environments for the lifetime of the aircraft
- Based on the requirement, there are many styles and materials to choose from, and customization is always an option

Clamps

PEEK is 1/3 the specific gravity of Titanium and 1/2 that of Aluminum.

- **86P Clamp**: Pre-mountable design with tool-less clamp opening & closure
- **75P Clamp**: One-for-one replacement to industry standard clamps (i.e. AS21919)
- **CC5516L**: Lightweight replacement for industry standard clamps (i.e. AS21919)
