

SQUARE CLAMPS

Amphenol Pcd

Square Away Cable Harnesses & Pipes Through Aircraft

Light weight and low profile rectangular clamps for avionics. Our low-cost composite Square Clamps are corrosion resistant solutions for tight spaces. Manage wire bundles, busbars and piping with one hand.

Hinged clamps come in flat or obround styles and are offered with either overmolded silicone or color coded grommets. The pre-locking feature enables ease of installation in obstructed access areas.

Two piece Saddle clamps are also available with multiple cushion materials and two mounting holes for secure fastening.

Clamp Materials: Nylon, Ultem, and Carbon PEEK
Grommet Materials: Silicone (White), Fluorosilicone (Blue), Nitrile (Yellow), EPR (Purple), and Chloroprene (black w/blue stripe)

Custom designs of both styles are quickly available using our Rapid Part Development Process.
