

OmniLite

INNOVATIVE PRODUCTS FOR HARSH ENVIRONMENTS

Amphenol PCD's **OmniLite backshell** can be configured to a **straight, 45°, or 90° position**, aiding in SKU reduction initiatives. The high performance thermoplastic backshells **provide strain relief and EMI/RFI shielding** at the termination area for MIL-DTL-38999 Series III connectors. Ideal for **commercial and military aerospace's demanding applications** or anywhere weight savings is required.
